SUBJECTS AND TITLES

A
Abdominal pressure measurements
and myoelectric back muscle activity, 98
in spinal stress, 90
Abscess of brain, from halo traction, 365
Acquired pelvic obliquity: A case report, Morley DC Jr, Schick RW, Fielding JW, 189
Acute gastric volvulus following Harrington rod instrumentation in a patient with Werdnig-Hoffman disease, Linson M, Bresnan M, Eraklis A, Shapiro F, 522
Adolescence
scoliosis in, proprioceptive function in, 560
spinal fractures and dislocations in, 533
Aging
and causes of back pain, 311
and sacroiliac joint changes, 620
Ambulatory status
and scoliosis, 583
and spondylolysis in nonambulatory patients, 35
Aminocaprioc acid, in spinal cord injury, 324
Amyloidosis, with spinal cord injury, 538
Analysis of loads on the lumbar spine, Schultz AB, Andersson GBJ, 76
Anesthetic, local, apophyseal injection of, 598
Angioma, spinal epidural, 336
Annulus perforation, anterior, detection of, 610
Aortic aneurysm complicating spinal fixation with Dwyer's apparatus: Report of a case, Dove J, Lin Y-T, Shen Y-S, Ditmanson ML, 524
Apophyseal injection of local anesthetic as a diagnostic aid in primary low-back pain syndromes, Fairbank JCT, Park WM, McCall IW, O'Brien JP, 598
Apophyseal joints, resistance to torsion, 241
Assessment of patients with low-back pain by biplanar radiographic measurement of intervertebral motion, Stokes IAF, Wilder DG, Frymoyer JW, Pope MH, 233
Atlantoaxial joint
instability with congenital os odontoideum and Klippel-Feil anomaly, 42
stabilization in Down's syndrome, sequelae of, 437
Atlas, cleft arch of, simulating fracture, 419
Axial stress, on end-plate of vertebral body, 217

B
Back muscle strength and weight limits in lifting burdens, Poulsen E, 73
Back pain in industry: A prospective study, Troup JDG, Martin JW, Lloyd DCEF, 61
Back School, Forssell MZ, 104
Benefits of the Harrington compression system in lumbar and thoracolumbar idiopathic scoliosis in adolescents and adults, Gaines RW, Leatherman KD, 483
Biomechanics
analysis of lumbar spine loads, 76
dural, 398
and muscle activity. *See* Muscles
and scoliosis correction by muscle stimulation, 468
Biomechanics of lumbosacral dural sac: A study of flexion–extension myelography, Penning L, Wilmink JT, 398
Blood flow, spinal, trauma affecting, 315
Blood recovery system, in spinal surgery, 131
Bone
graft failure in osteolysis of cervical spine, 545
intraosseous pressure in lumbar spine, 159
mineral content in lumbar vertebrae
and compressive strength, 147
related to trabecular microcalluses, 375
Boston brace, derotating effects of, 477
Brace
Boston, derotating effect of, 477
Milwaukee
in osteoporosis, juvenile, 1
in Scheuermann's kyphosis, 5
Brain abscess as a complication of halo traction, Humbyrd DE, Latimer FR, Lonstein JE, Samberg LC, 365

C
Calluses in lumbar trabeculae, related to bone mineral content, 375
Canal diameter. *See also* Stenosis, spinal
and response to apophyseal injections, 598
Carbonic anhydrase inhbitors, in spinal cord injury, 324
Cast syndrome
from spinal cord injury, 538
from spinal procedures, 522
Causalgia, with lumbar disk herniation, 180
Cerebral palsy, and scoliosis, 583
Cerebrospinal fluid injections, for postlaminectomy syndrome, 174
Cervical myelopathy and its relationship to cervical stenosis, Veildlinger OF, Colwill JC, Smyth HS, Turner D. 550
Cervical spine
atlantoaxial stabilization in Down's syndrome, sequelae of, 437
block vertebrae with neurological symptoms, 118
cleft arch of atlas simulating fracture, 419
congenital os odontoideum with Klippel-Feil anomaly, 42
congenital scoliosis with unilateral arm paralysis, 341
fusion from halo-pelvic traction, 45
massive osteolysis of, 545
monitoring of incomplete injury in, 428
myelopathy from ossified ligaments, 354, 553
myelopathy related to cervical stenosis, 550
osteoid osteoma of, localization with CT, 423
pain relief from shoulder abduction, 441
posttraumatic instability of, methylmethacrylate in, 347
Charpentier test, in adolescent idiopathic scoliosis, 560
Chemonucleolysis, outpatient, 606
Children
osteoporosis in, idiopathic, 1
scoliosis in
congenital, 107
proprioceptive function in, 560
spinal fractures and dislocations in, 533
Cronic osteomyelitis of the thoracic spine due to *Salmonella typhi:* A case report, Carvell JE, Maclarnon JC, 527
Chymopapain therapy, outpatient, 606
Cleft arch of atlas simulating fracture of the odontoid process, Pick RY, 419
Collagen framework of lumbar intervertebral discs, 139
Combined anterior and posterior fusion for Scheuer-

mann's kyphosis, Herndon WA, Emans JB, Micheli LJ, Hall JE, 125
Compression fractures, lumbar, and bone mineral content, 147
Computed tomography
in brain abscess diagnosis, 365
of derotating effect of Boston brace, 477
of longitudinal rotation and rib cage deformity in scoliosis, 567
in spinal osteoid osteoma localization, 423
for vertebral rotation and deformity estimation in scoliosis, 460
Computed tomography in localization of spinal osteoid osteoma, Wdge JH, Tchang S, Macfadyen DJ, 423
Congenital cervical scoliosis with unilateral congenital nerve deficit in the upper extremity: Report of two cases, Winter RB, House JH, 341
Congenital os odontoideum with Klippel-Feil anomaly and fatal atlantoaxial instability: Report of a case, Sherk HH, Dawoud S, 42
Congenital scoliosis: A histopathologic study, Shapiro F, Eyre D, 107
Cooling procedures. *See* Hypothermia induction
Cord injury. *See* Trauma, spinal cord
